OSHA and Infection Control Made Easy for Dentistry

With Karson Carpenter, BS, DDS and Olivia Wann, JD

OSHA requires an annual retraining session for all employees. This course will help fulfill these requirements and will update participants on the latest from OSHA, including the Globally Harmonized System (GHS) for Hazard Communication and the Bloodborne Disease Pathogens Standard. In addition, the course will cover the Centers for Disease Control and Prevention Infection Control Guidelines for Dentistry and will review best practices for infection control.

Course Objectives:

- Understand safety regulations in the dental office
- Know the OSHA regulations that affect a dental facility
- Be familiar with all infection control regulations and guidelines for dentistry
- Know the most current CDC guidelines for infection control
- Being prepared for an OSHA inspection in your dental facility
- Know your rights under OSHA law and how to respond to a citation

Speaker - Karson Carpenter - BS, DDS

Karson L. Carpenter serves as President of Compliance Training Partners. He is an OSHA approved trainer who has for over 25 years designed educational programs to bring dental facilities into compliance with the governmental regulations that affect them in the areas of OSHA, HIPAA and infection control. His experience includes guiding numerous clients across the United States through OSHA and HIPAA inspections as well as the critical post-inspection process.

Speaker - Olivia Wann - JD

Olivia was a former dental office manager and RDA. After launching a successful compliance consulting company, she pursued higher education and holds a doctorate in jurisprudence. She practices law in TN and KY and consults with clients throughout the nation on regulatory compliance issues while practicing civil law on a local level.

Olivia has authored OSHA and HIPAA compliance manuals, numerous articles in leading dental journals, and was the creator of Compliance Cathy, a software solution to manage compliance.
