COURSE 1

Dentists & Teams

Legal Aspects of Compliance with OSHA, CDC and the Dental Boards

If an OSHA inspector walks in the door, you want to have confidence that you are prepared and you know how to best handle this situation with these program tips. Learn how to prepare for an audit, whether it's the dental board or OSHA, through training, policies and self-audits. This course will address common OSHA violations and non-compliance with CDC's infection control guidelines in dental practices. This will help you to avoid compliance blunders in your dental practice and promote safety for your employees and your patients.

COURSE OBJECTIVES:

- Learn about the common complaints that result in a dental board investigation.
- Avoid common dental OSHA and HIPAA violations.
- Learn how a patient can become a plaintiff.

COURSE 2

Dentists & Teams

HIPAA & Cybersecurity for Dental Professionals: How to Avoid a Million Dollar Mistake

In order to utilize the Safe Harbor law if there is a data breach, you must demonstrate evidence of having used recognized security practices (RSP) 12 months prior to the breach. This program will walk you through what it means to incorporate RSPs and also address common HIPAA violations in dental practices such as the Right to Access. Learn how to prepare your team to recognize phishing emails and avoid a data breach. Avoid office shutdowns, costly penalties and legal fees by protecting your practice from HIPAA violations and cyber thieves.

COURSE OBJECTIVES:

- Gain an understanding of the basic requirements of HIPAA's Privacy Rule and Security Rule.
- Review common HIPAA violations in a dental office so you can avoid the same mistakes.
- Analyze how cyber attacks occur and how you can incorporate cyber hygiene practices.
- Learn how to respond to a security incident and how to report a breach of ePHI properly.
