HIPAA Compliance Made Easy for Dentistry

Andrea R. Carpenter, HR Director

2 CE Credits

HIPAA training is required for all employees. This course is for all members of the dental team and is designed to educate participants on the requirements for HIPAA compliance in their facilities. HIPAA regulations require training for all employees in the areas of privacy, security, breach notification, patient rights, and expectations of the Department of Health and Human Services Office of Civil Rights, who enforce this law. In addition, attendees will learn about the use of consent forms, authorization forms and business associate agreements.

- Define Protected Health Information (PHI) and how to safeguard it
- Review components of the Privacy Standard
- Know responsibilities under the Security Standard
- Review the assignment of responsibilities
- Understand required forms and documentation
- Understand how to conduct a risk assessment
- Review business associate responsibilities
- Know required hardware/software components
- Understand security risks and how to mitigate them
- Define a security breach and know when/how it must be reported
- Be aware of steps to take in the event of a HIPAA inspection
- Understand your options if you receive a HIPAA citation and fines

Q and A: An interactive question and answer session will be held at the end of training
